Schaefer Made Toastmaster For Banquet

Senior Week Program Begins With Dinner At Hotel Vendome

Professor Albert A. Schaefer, department of Business and Engineering Administration, is scheduled to be toastmaster at the Senior Banquet to be held Friday, May 31, at 6:30 P.M., in the Hotel Vendome. The banquet will be the first of the many activities which the Senior Week Committee have on the program for the Class of 1940's final week at the Institute.

The dinner, which is to be a stag affair, will be informal, and more on the style of a farewell get-together than a banquet. Faculty members, who have been invited to attend, will each give a brief talk.

Tech Night at Pops

As in past years, the M.I.T. Glee Club will entertain the Seniors at the annual "Tech Night at the Pops" to be held on Saturday, June 1, in Symphony Hall at 8:30 P.M. The Club's program will be accompanied by the Pops orchestra under the leadership of Mr. Henry J. Warren, director of the Glee Club.

Included in the program will be the "Alma Mater" song, written by Professor George E. Russell, which the club sang during Open House; the popular "Musical Trust", and "The Fish".

Peace Rally Sends Telegram To F.D.R.

Message Demands That America Stay Out Of European Conflict

A telegram that the United States keep out of war was sent to President Roosevelt by the 100 persons attending the "I Am An American Day" peace rally sponsored by the A.S.U. in Huntington Hall last Friday, May 17, at 12:00 noon. The meeting was moved indoors from the Walker Memorial lawn because of rain.

John E. Murdock, president of the class of '41, opened the meeting and spoke briefly on the necessity to make known America's desire for peace. Harper Poulson, formerly of the International Students Service, and present chairman of the United States Peace Committee, discussed the war in Europe.

I. Seth Levine, '40, newly-elected president of the A.S.U., spoke on the need for student peace organizations. James Gavin, of the Boston "The Yanks Are Not Coming" Committee, presented labor's viewpoint on peace.

Four Boating Articles Featured By May T.E.N.

Featuring four articles on boating, the May issue of the Tech Engineering News will go on sale today for one day only.

Rear Admiral Emory S. Land, U.S.N. (retired), chairman of the United States Maritime Commission, discusses the commission's better-ship drive in his story, "America's New Merchant Marine." Professor George Owen of the Naval Architecture department, describes regulations limiting the size of boats in "Yacht Design." The edition also includes "Ship Propulsion" by M. Spaulding Toon, '40, and "Wind and Water", which discusses the Nautical Association. Feature pictures are by Morris Rosenfeld, world famous yacht photographer.

Trackmen Finish Unbeaten Season With 75-50 Win In Brown Meet

Undeclared for the second season in three years, the Institute's varsity track team triumphed over Brown University, 75 to 60, Saturday afternoon on Briggs track as the freshmen went down before the Bruin cubs, 81 to 45.

Clean sweeps in the mile, 440, and two-mile were responsible for the unexpected margin. Despite first in the 100, 220, and 220 low hurdles by Captain Ken Clapp of Brown, holder of the New England Intercollegiate title in those races, Tech outscored the Bruins, 46 to 26, in running events. The entire Engineer varsity showed amazing balance as individuals placed in every event of the day.

Brady, Jester Among High Scorers

Gene Brady with a first in the 880 and second in the 440; Lew Jester with a first and second in the hurdles; Bob McBride with a first in the 440 and second in the 220; and John Nagle with a first in the shot put and triple tie for first in the high jump all shared high scoring honors for Tech.

Dan Crosby and Jud Rhode, Senior House roommates, both running their last dual meets for Tech, took second individual points with ties for first in the mile and two-mile. Al Booth and John Sexton accounted for five points each.

Stewart High for Tech Freshmen

Lawrence Stewart was high scorer for the freshmen with nine points

(Continued on Page 4)

Three Records Missing From Walker Collection

Three records of Sibelius' Sixth Symphony are missing from the Walker Memorial Phonograph collection and three new records by Sibelius have been left in their place.

All students who have used these recordings lately are requested to check their own record collections so that this mistake may be rectified.

Chemistry Award Won By Klaassen

William J. Klaassen, '41, Course X, has been given the 1940 Alpha Chi Sigma award of \$100 presented each year to the member of the Junior class who is voted the most outstanding in chemistry.

The winner is selected by the honorary chemical society from a list of names submitted by members of the faculty. In odd years the award is given to a member of either Course V or XIX, and in even years to a man from Course X or the chemistry option of Course XV.

Klyce Elected President

Jack M. Klyce, '41, was elected president of the society for 1940-41 and Norman F. Vandervoort, '41, was given the post of vice-president in the recent elections.

Also chosen were Samuel K. McCauley, '41, as news reporter, Charles A. Wales, '41, as recorder, Mason L. Downing, '41, as master of ceremonies, and Lawrence C. Turnock, '41, as assistant master of ceremonies.

Hugh S. Kelly, '41, is to be the new treasurer and is assisted by Karl E. Wenk, '42, assistant treasurer.

Lew Jester, newly elected track captain, as he captured the 110 yard high hurdles. This popular timber-topper also won the Track Club award.

President Conant Will Speak At Baccalaureate Services

Henning Prentis To Give Address At Commencement

Dr. James B. Conant, President of Harvard University, is to deliver the sermon at the Baccalaureate Service of the Senior Class to be held in Morss Hall, Walker Memorial at 3:00 P.M., Sunday, June 2. The Reverend Mr. C. Lesley Glen, Rector of Christ Church, Cambridge, will lead the prayers, and President Karl T. Compton will read the lesson.

The M.I.T. Glee Club will sing at this service for the first time, singing "Divine Praise" by Bortniansky. Previous to the Baccalaureate Service the graduating class will have its picture taken at 2:30 in the Great Court. They will be joined by the graduate students at 2:45 and march to Walker Memorial.

Prentis to Deliver Address

Mr. Henning W. Prentis, president of the National Association of Manufacturers, will deliver the address at the Commencement Exercises, to be held in Symphony Hall on Tuesday, June 4 at 11:00 A.M. Mr. Prentis will speak on "Technically Trained Men in a Republic."

After an organ prelude, the Academic Procession of the Graduates will start the program, followed by the Academic Procession of the Guests of Honor, The Corporation, the Class of 1890, the Class Officers of 1915, and the Faculty. The Reverend Mr. Carl Heath Kopf, minister of Mount Vernon Congregational Church

(Continued on Page 2)

Brindis New President Of Agenda Society

Bernard S. Brindis, '43, was elected president of next year's Agenda, Dormitory Sophomore Honorary Society, at a joint meeting of the retiring and newly elected members held at Steuben's last Saturday evening.

Companion officers who will work with Brindis next year are S. Richard Childerhose as vice-president; Floyd R. Allen as secretary, and Harry L. Anderson as treasurer. The ten members of the Class of 1943 who were recently elected by their predecessors will hold their first meeting tomorrow evening to nominate and elect five more of their class. This election will complete the society's membership.

Sunning Garden Being Built On South Side Of Pool

Additional recreational and sunning facilities will be made available at the old Tech swimming hole (to be completed this summer), in the form of an enclosed garden area extending southward from the large south window of the swimming pool.

The garden will be surrounded by ten foot brick walls on the east and west sides and eight foot walls on the south side, the foundations of which are now visible. The only access to the garden will be from the pool building itself through a footbath and shower. The central portion of the garden will be grassy turf, surrounded by stone walks and benches. Flowers, shrubbery, trees, and vines will be planted between the walks and the brick walls.

Prof. Shimer Elected Sigma Xi President

Professor Hervey W. Shimer, of the Geology department was elected president of Sigma Xi, honorary fraternity for science and engineering, at its initiation meeting last Friday in Room 4-370.

The other officers for the organization include Professors Robert S. Williams, department of Metallurgy, vice-president; Avery A. Ashdown, Chemistry department, secretary; Murray F. Gardner, Electrical Engineering department, treasurer; and Charles W. MacGregor, Mechanical Engineering department, member to board of electors.

About 200 Initiated

Approximately 200 Seniors, Graduates, and Faculty members were initiated into the society at the exercises Friday. The annual banquet, held in the Graduate House, was followed by the lecture on Microfilm by Professor Ralph D. Bennett, of the department of Electrical Engineering.

Professor Walter C. Voss, head of Building, Engineering and Construction, the retiring president, presided at the banquet and the meetings. Professor Emeritus Dugald C. Jackson and Professor Shimer gave brief after dinner talks at the banquet.

150 lb. Oarsmen Lose Close Contest To Harvard Crew In Race Saturday

In one of the closest finishes ever seen along the Charles River course Technology's 150 lb. varsity crew lost to the Harvard fifties by two-tenths of a second last Saturday afternoon in the feature race of the American Henley Regatta.

The Crimson lights ended with a sprint that caught the Cardinal crew a few strokes from the finish mark after the Tech crew had maintained their lead despite a desperate challenge from a strong Cornell crew at the mile mark. The big Red oarsmen fell back at the end and Princeton's eight took third position by a few feet over the Cornell, Yale and Pennsylvania crews who finished in a dead heat for fourth place. Columbia brought up the rear.

Jayvee Lose

Yale's junior varsity lightweights took a close contest from Harvard in the jayvee race. Close behind was the Columbia aggregation with the Tech seconds finishing a strong last only a few lengths behind the winning crew.

In other races on the day's program Harvard won the Steward's Cup for third heavy crews and also the freshman 150 lb. race. The Institute was

Alumni Day Topic Is Communication

Symposium Scheduled For June 3 Will Hear Furay, Jewett And Morton Talk

Annihilation of time and distance making possible instantaneous transmission of news will be the subject of the "Channel of World News and Opinion" conference of Alumni Day at Technology June 3.

Dr. Frank B. Jewett, '03, president of the Bell Telephone Laboratories and president of the Alumni Association, will preside and make the keynote address. James H. Furay, vice-president of the United Press Association, an authority on the problems of world wide news distribution, will speak on "Behind Scenes in the World of News Gathering". Alfred H. Morton, vice-president of the National Broadcasting Company will address the symposium on "The Role of Radio in World Affairs."

Exhibits Planned

Extensive exhibits depicting the scientific progress in the transmission of information by wire and radio will be shown in both the Main and Rogers Building Lobbies.

After the symposium, a luncheon for Alumni and their guests will be held in duPont Court. There will be special tables reserved for members of the class of 1890 and 1915 which will be observing their fiftieth and twenty-fifth anniversaries.

Class Day Exercises at 2

At two o'clock, the annual Class Day exercises will be held in Lowell Court with the Senior and the Twenty-five and fifty year classes participating. Prominent speakers from the three groups will address the ceremony as the members of the graduating class are initiated to membership in the Alumni Association.

Following the Class Day functions, the swimming pool, gift of the Alumni Association, will be dedicated and then opened for inspection.

Concluding the Alumni festivities a banquet will be held at the Statler in honor of the tenth anniversary of Dr. Compton's inauguration as head of the Institute.

CALENDAR

TUESDAY, MAY 21

- 6:30 P.M. Tennis Team Dinner—Silver Room.
- 6:30 P.M. Track Club Dinner—Faculty Dining Room.

WEDNESDAY, MAY 22

- 6:30 P.M. Class of 1908 Dinner—Faculty Dining Room.
- 6:30 P.M. Lowell Inst. Comm. Dinner—Silver Room.
- 8:00 P.M. Lowell Institute Graduation—Morss Hall.

FRIDAY, MAY 24

- 9:00 P.M. Lowell Institute Dance—Morss Hall.

MONDAY, MAY 27

- 6:00 P.M. Alumni Council Dinner—Pritchett Hall.

SENIOR WEEK EVENTS — MAY 31 TO JUNE 4

FRIDAY, MAY 31

- 6:30 P.M. Senior Banquet—Hotel Vendome.

SATURDAY, JUNE 1

- 8:30 P.M. Tech Night at the Pops—Symphony Hall.

SUNDAY, JUNE 2

- 2:30 P.M. Senior Class Picture—Great Court.
- 3:00 P.M. Baccalaureate Services—Morss Hall.
- 6:30 P.M. Dr. Compton's Supper for Honorary Secretaries—Engineers Club.

MONDAY, JUNE 3

SENIOR CLASS DAY—ALUMNI DAY

- 8:30-10:00 A.M. Alumni Registration—Rodgers Lobby.
- 10:00 A.M. Communications Conference—Huntington Hall.
- 1:00 P.M. Alumni Luncheon—DuPont Court.
- 2:00 P.M. Class Day Exercises—Lowell Court.
- 3:45-4:45 P.M. Open House for Ladies in the Forris Jewett Moore Room Room 6-321.
- 4:15 P.M. Dedication of New Tech Swimming Pool—Open for Inspection.
- 4:30 P.M. Tea Dance—Morss Hall.
- 5:00 P.M. Motor Boat Trip for Ladies—Sailing Pavilion.
- 6:45 P.M. Mrs. Compton's Dinner—Dr. Compton's Home.
- 6:30 P.M. Alumni Banquet—Hotel Statler.

TUESDAY, JUNE 4

- 11:00 A.M. Commencement Exercises—Symphony Hall.
- 2:00-4:00 P.M. Institute Laboratories Open for Inspection.
- 4:00 P.M. President's Reception for Seniors—Morss Hall.
- 9:00 P.M. Senior Ball—Hotel Bradford.

Ladies To Race At 5:15 Picnic

Fat men's races, three-legged races, and ladies' running races are to be included in the unique program prepared for the 5:15 Club picnic on Memorial Day on the greens of the Green Acres Country Club, according to the committee.

In addition to the races and field sports, the entire facilities of the club including the use of the golf course, the swimming pool and the dance floor will be thrown open to the picnickers from 10 A.M. to 2 P.M.

The entire cost of the affair, including a full course chicken dinner, and dancing in the evening, is set at \$2.49 per couple. Tickets will be on sale in the 5:15 Club room and may also be obtained from Eddie Pung at the candy counter in Walker Basement.

Lowell Institute To Graduate 174

The Lowell Institute School, which is conducted under the auspices of Technology, will hold its graduation exercises tomorrow evening in Walker Memorial at 8 P.M. Harold B. Richmond, a member of the Institute Corporation, will deliver the commencement address.

Dr. A. Lawrence Lowell, president-emeritus of Harvard and sole trustee of the Lowell Institute School, will present the certificates of graduation to the 174 graduates. Dr. Karl T. Compton, President of Technology and Professor Charles F. Park, director of the school, will also speak. The Alumni Association of the Lowell Institute School will hold its thirty-seventh banquet, in honor of the Class of 1940, tonight at the Boston Chamber of Commerce.

Commencement

(Continued from Page 1)

in Boston, will give the Invocation.

After Mr. Prentis's address there will be the Administration of the Oath of Office in the Officers' Reserve Corps by Major Harold R. Jackson, Coast Artillery Corps, U. S. Army. The Presentation of Degrees and Announcement of Honors by President Karl T. Compton will follow, accompanied by the Presentation of Reserve Commissions by Major General James A. Woodruff, Commanding General of the First Corps Area.

The Announcement of the Stratton Prizes and the Address to the Graduates by President Compton will then follow. The exercises will close with the Academic Procession of the Assembly. After the exercises the parents and friends of the students are invited to visit the Institute's

Laboratories from two to four, and to attend the President's Reception in Walker Memorial from four to six.

Guests of Honor at the Commencement Exercises are President Karl T. Compton; Dean of Engineering Edward L. Moreland; Dean of Architecture Walter R. MacCormack; Professor Henry H. W. Keith; Major Harold R. Jackson; Dean of Humanities Robert G. Caldwell; Dean of Graduate School Harry M. Goodwin; Professor Charles E. Locke, secretary of the Alumni Association; Professor Henry E. Rossell.

Dean of Students Harold E. Lob-

dell; Professor George W. Swett, secretary of the Faculty; Registrar Joseph C. MacKinnon; Lieutenant Governor H. T. Cahill; Mr. Henning W. Prentis, Jr.; the Reverend Mr. Carl Heath Kopf; Admiral C. W. Cole, Commandant of the Portsmouth Navy Yard; Major General J. R. Woodruff; Mayor Maurice J. Tobin of Boston; Mayor John W. Lyons of Cambridge; Dr. Frank B. Jewett, President of the Alumni Association; Captain C. L. Brand; Dr. James F. Norris and Professor Harold K. Barrows, Professors Emeriti about to retire, and Professor Ralph G. Hudson.

He heard about "Eastern's" low round-trip rate and he's off to New York for the week-end!

Eleven Receive Sloane Awards

\$2500 Stipends Given To Young Businessmen For One Year Courses

Eleven Alfred P. Sloane Foundation Fellowships for a special one-year program in the department of Business and Engineering Administration have been awarded to young executives.

Candidates for these fellowships, who must have at least five years of industrial experience, are nominated by industry in all parts of the country and will return to their companies upon completion of the program. Each of the eleven men will receive a stipend of \$2,500.

Eleven Successful Candidates

The successful candidates this year are: Donald L. Boyes, assistant production manager of the Saginaw Malleable Iron Division of the General Motors Corporation, Saginaw, Michigan; Andrew E. Burnett, district engineer of the Alabama Power Company, Anniston, Alabama; Paul C. Dunn, traveling inspector for Boston & Maine Railroad, Boston, Massachusetts; William L. Fader, Jr., supervisor for the Pittsburgh Forgings Company, Coraopolis, Pennsylvania; Walter D. Howell of the Industrial Power Sales Division of Pacific Gas & Electric Company, San Francisco, California; Gaynor H. Langsdorf, superintendent of the Hydrogenation Plant of the Standard Oil Company of California, San Francisco, California; David D. Moffat, Jr., division sales engineer, Utah Power and Light

Company, Salt Lake City, Utah; Thomas Waaland, assistant to the director of pasteurizing plants, Sheffield Farms Company, New York City; Arthur W. Weber, assistant manager of the Wellsboro Plant, Corning Glass Works, Corning, New York; John F. Wilson, supervisor, Hygrade Sylvania Corporation, Salem, Massachusetts; and George E. Yeomans, Kodak Park Works, Eastman Kodak Company, Rochester, New York.

July Technology Reviews Will Not List Graduates

The July Commencement Issue of the Technology Review will not contain the lists of recipients of degrees as was stated in the last issue of The Tech. It is to contain the Baccalaureate address, and reports on the Commencement Day ceremonies.

Senior Week Events

(Continued from Page 1)

written by its own accompanist, Northrop Brown, G.

On Sunday the class picture will be taken at 2:30 P.M. on the Great Court. The dress for the picture will be cap and gown. After the picture has been taken, the Baccalaureate services will be held in Morss Hall, beginning at 3:00 P.M.

Marshall P. Bearce has been chosen

to be the Beaver orator for the Class Day exercises to be held on Monday at 2:00 P.M. After the exercises the new swimming pool will be dedicated, and an informal tea dance will be held in Morss Hall.

As the climax to Senior Week activities, Duke Ellington and his orchestra will furnish the music for the Senior Ball to be held in the Main Ballroom of the Hotel Bradford, at 9:00 P.M., June 4.

Viva La Bagatelle!

The drive for peace carried on at the Institute started a minor war last week when conflicting authority and crossed wires short-circuited the A.S.U.'s "I Am An American Day" program.

The facts of the case are these: On Thursday last, a sign made of oil cloth and reminding "F.D.R." that this was not 1917 was placed over the west balcony of Walker Memorial. It was taken down by the Dining Service and destroyed. Early the next morning two more signs, one saying that the Yanks were not coming and the other bearing a question mark, were similarly placed by the A.S.U. These banners were also taken down, apparently by a group of students.

A mass meeting for peace was to be held at noon Friday, at which John B. Murdock, '41, was to act as chairman. The A.S.U. planned to hold it outside of Walker, with the speakers on the balcony. Since it was raining at the scheduled time, the place was switched to Huntington Hall. Intending to tell the public of their change in plans, A.S.U. members appeared in Morss Hall a little before noon to set up a public address system. Just as the p.a. system was working, the current suddenly went off. The meeting was finally held on schedule in Huntington Hall.

The following day a letter appeared exhorting the students to join the A.S.U. and making the following statements; "Prof. L. F. Hamilton instructed Mr. Carlisle of the Walker Dining Service to remove an authorized sign publicizing the rally. . . . Further, Mr. Carlisle, on his own initiative, deliberately cut off the power supply to a public address system, the use of which was permitted by the Walker Memorial Committee."

Apparently the entire fiasco was the result of incomplete permission obtained by the A.S.U. The latter claims that it had complete permission not only for the use of the p.a. system and the placing of the signs, but also for that of the balcony.

The Walker Memorial Committee maintains that such is not the case. William R. Ahrendt, '41, chairman of the committee, states that about two weeks ago, William Sussman, '40, asked if permission could be obtained to hold a rally on the day following President Roosevelt's "I Am An American Day." Sussman expressed the hope that the affair could be held on the lawn between Walker and the Institute. Ahrendt told him he believed it would be possible, but asked him first to confer with the Superintendent of Buildings and Power, then, when the rally

plans were further clarified, to return to the Walker Memorial Committee for permission. Ahrendt says that Sussman never consulted him after that time.

The Dining Service maintains that it was never notified of the impending meeting. This situation is understandable, since such notices come from the Walker Memorial Committee. Professor Hamilton states that he never ordered the sign taken down although he did call it to Mr. Carlisle's attention and asked him to investigate. The latter did, inquiring of Mr. Eddie Pung, who runs the cigar counter in the basement of Walker. When Mr. Pung could shed no light on the situation, the banner was removed. Subsequently, orders were received by the Dining Service from Mr. Delbert L. Rhind, Institute bursar, directing that no further such signs were to be hung.

How the power went off is still a mystery. The A.S.U. claims the Dining Service turned it off. The latter says a fuse blew.

Who is right and who is wrong in this entire situation, we do not try to say. However, several things are obvious. The first is that someone's right hand didn't know what his left hand was doing. Unfortunately, we can't ascertain even that, because all the arrangements for the A.S.U. with the Walker Memorial Committee were made by Sussman, who is out of town as this issue goes to press. The second fact is that perhaps the Walker Memorial Committee, which did give permission for a question mark sign, did not have the right to do so, but that such matters lie in the hands of Institute officials. We aren't even able to decide that.

In fact we can't decide anything. All we know is that, despite the A.S.U.'s vociferousness, there are still two sides to the story.

Meow

In one of the open letters which the poor, little oppressed A.S.U. circulated after their rally Friday, they made reference to Professor Hamilton "Who, in a letter to The Tech in April, 1917, added to the war hysteria of the time by advocating a witch-hunt against those who opposed the war," or so the A.S.U. says.

Such a statement caught us slightly on the perplexed side, so we dusted off our files and found that on April 6, 1917 there appeared a letter signed by L. F. Hamilton, '14. It merely contained the suggestion that uniformed students salute the flag and that civilians doff their chapeaux when passing it. The letter contained no mention of a "witch-hunt." We are sure, moreover, that this is the letter to which the A.S.U. made mention, because we asked them.

Now if the A.S.U. wants to distribute letters, it's all right, just as long as they have permission. They are entitled to their own opinions, and they should be free to express them.

We do suggest, however, that the next time the A.S.U. gets hot under the collar, it allow a suitable time for refrigeration. Then let it pick up its mighty pen (certainly not a sword!).

Elections

Volume LX of The Tech takes pleasure in announcing the elections of Gilbert M. Edelman, '43; Richard Andrews, '42; and Herbert W. Spencer, Jr., '43; to the Photo Staff.

THE READER SPEAKS

To the Editor of "The Tech":

As a student at the Institute who has actively pursued a sport, I would like to raise my voice in objection to H. Ichabod Kram, who on several occasions has made unrepresentative statements in his column. Not only is he spreading the defeatist attitude thruout undergraduates in the Institute, but on the day when we strut ourselves before the general public, in the Open House issue of The Tech, he again portrays us as "also running".

I refer to such statements as "The object is not. . . primarily to produce winning teams. . . ." Every student who is out for a sport primarily thinks of winning, not making a good race for the rest of the contestants.

There is an old saying down at the boat house, "The crew that won't be beaten, can't be beaten". And the Freshmen proved it. Perhaps if angelic-faced Kram practiced some of this philosophy, we would have better support of sports by the non-participating members of the student body, which will be more conducive to winning teams. And we want winning teams.

STEVEN HELLER, '43

Lewis T. Jester Elected Captain Of Track Team

Track Club Elections Announced At Dinner Last Saturday Night

Lewis T. Jester, Jr., '41 of Newport News, Virginia, was acclaimed 1941 varsity track captain and elected to receive the Track Club award for outstanding service at the team's victory banquet in North Hall Saturday night.

Featured at the annual dinner was a talk by Arthur Sampson, Boston Herald sports columnist. Manager Ken Bohr acted as master of ceremonies, while the Spring Interclass cups and medals were awarded. Captain T. Vernon Kyllonen, Mr. John A. Rockwell, Mr. Ralph T. Johe, and several other cup donors assisted in the awarding.

Track Club Elections

Elections to the Track Club, honorary society for trackmen, were announced by William R. Taylor, president. Those who are to be initiated at a dinner in Walker tonight include: Judson Rhode, '40; Alfred Booth, Leslie Corsa, Arnold Mengel, John Sexton, and Lawrence Turnock, all '41; Eugene Brady, Walter Eberhard, Arthur Gow, Robert McBride, and Charles Smith, all '42.

Tech Golfers Capture Worcester Match, 5 1/2-3 1/2

Beaver golfers ended a successful season on a victorious note when they overcame a fairly powerful Worcester Polytechnic team 5 1/2-3 1/2, in a game played at the Oakley Country Club yesterday.

In the New England Championships ending on Saturday afternoon on the Oakley Country Club Course, the Engineer team of Klock, Wynne, Jeffers, Follansbee, Peck and Trexel placed fifth in a tie with B.U. among thirteen teams. Notable feat of the Beaver golfers was their defeat of Yale.

Harvard and Amherst finished first and second respectively, as predicted in "The Tech" last issue, while Brown and Dartmouth were the other two teams to top Tech's record. Brown defeated the Beavers in a previous meet, while Dartmouth has one of the top ranking teams in the Eastern College Golf League.

although four Brown frosh each scored ten points.

The summaries:

VARSITY MEET

100-yard dash—Won by Clapp (B); second, Chaffee (B); third, Booth (T). Time—9.88.
 220-yard dash—Won by Clapp (B); second, McBride (T); third, Booth (T). Time—22.8.
 440-yard run—Won by McBride (T); second, Brady (T); third, Kyllonen (T). Time—31.8.
 880-yard run—Won by Brady (T); second, Klie (B); third, Corsa (T). Time—2:01.7.
 One-mile run—Tie for first between Rhode (T) and Crosby (T); third, Turnock (T). Time—4:37.6.
 Two-mile run—Triple tie for first among Crosby, Gow and Rhode, all of Tech. Time—10:30.2.
 120-yard high hurdles—Won by Jester (T); second, Mikolas (B); third, Fisher (B). Time—15.18.
 220-yard low hurdles—Won by Clapp (B); second, Jester (T); third, Mikolas (B). Time—24.8.
 Hammer throw—Won by McLaughlin (B); second, Rollins (B); third, Van Greenby T. Distance—174 ft. 3 in.
 Pole Vault—Tie for first between Ricciardi (B) and Eberhard (T); third, Hopps (B). Height—11 ft. 6 in.
 High jump—Triple tie for first between Nicol (B), Nagle (T), Wilson (T). Height—5 ft. 11 3/4 in.
 Broad Jump—Won by Fisher (B); second, Booth (T); third, Friedman (B). Distance—20 ft. 6 in.
 Shotput—Won by Nagle (T); second, Morsehouse (T); third, Crolius (B). Distance—42 ft. 7 in.
 Discus throw—Won by Gosnell (B); second, Ricciardi (B); third, Madwed (T). Distance—127.9 ft.
 Javelin throw—Won by Sexton (T); second, Gosnell (B); third, Welch (T). Distance—172.2 ft.

FRESHMAN MEET

100-yard dash—Won by Meader (B); second, Crump (B); third, Stewart (T). Time—10.28.
 220-yard dash—Won by Meredith (B); second, Allen (B); third, Czar (T). Time—22.58.
 440-yard run—Won by Meredith (B); second, Allen (B); third, Lord (T). Time—52.38.
 880-yard run—Won by Batley (B); second, Austin (B); third, Terry (T). Time—2:04.5.
 One mile run—Won by Mitchell (B); second, Bliven (B); third, Miller (T). Time—4:46.5.
 120-yard high hurdles—Won by Stewart (T); second, Coles (T); third, MacNeill (B). Time—16.58.
 220-yard low hurdles—Won by Meader (B); second, Stewart (T); third, Curtis (B). Time—26.28.
 Hammer throw—Won by Rotelli (B); second, Loch (B); third, Goldberg (T). Distance—133.65 ft.
 Pole vault—Won by Horst (T); second, MacNeill (B); third, Turnbull (B). Height—11 ft. 6 in.
 High jump—Tie for first between Meader (B) and Coles (T); third, Pastoriza (T). Height—5 ft. 8 in.
 Broad Jump—Won by MacNeill (B); second, Horst (T); third, Coles (T). Distance—20 ft. 4 in.
 Shotput—Won by Carlisle (B); second, McKinlin (T); third, Rotelli (B). Distance—51 ft. 7 3/4 in.
 Discus throw—Won by Carlisle (B); second, Leadbetter (B); third, Ingham (T). Javelin throw—Won by Van Voorhees (T); second, Hosley (T); third, MacNeill (B).

SPORT SLANTS

by Harvey Kram

There appears in the "Reader Speaks" column a letter commenting on the opinions expressed in this column during the past. Because the writer of this letter quotes only a small portion of the athletic policy advocated by your correspondent, and because the writer of this letter expresses an opinion which can do much to injure the high ideals which have surrounded sports at M.I.T., I shall attempt to clarify the athletic policies championed in this column.

There are two attitudes one can adopt towards athletics. First, there is the attitude of "victory at any cost" or as the letter writer expressed it, "primarily thinking of winning." In contrast to this there is the attitude of athletic participation being primarily a means of providing the student body with a healthful recreation. Athletics take on a much higher value when they are used to foster good sportsmanship, and when they provide the student body with the rich experience of teamwork, the healthy enjoyment of athletic competition, and the fun of just playing the game hard for the fun of playing.

By advocating good sportsmanship and the participation in athletics primarily for the enjoyment and benefits derived, does not mean that Tech teams shouldn't try to win. Everyone at Tech wants to see the Beaver on the winning side of the sports ledger, and it is possible to do this and still maintain the high ideals championed. This is best illustrated by the track team, which remains the only undefeated Tech team this year. Track is the largest turnout of any Institute sport, and the policy advocated on the cinders is most certainly one of "primarily thinking of winning."

Technology can produce winning teams and still maintain its high standards if it selects opposition equal to that of the respective Institute's teams. However, participating in athletics simply for the sake of winning, and forcing the men out for the sport to forego all other interests for it, lowers the value of athletic participation as an extra-curricular activity in college.

BEAVER TALES

By JACK QUINN

Race Day last Saturday, with its atmosphere of cheering fans lining the banks of the Charles, seems to be particularly indicative of the current trend in the sport of crew at Technology. Throughout the East, whenever an M.I.T. sport is mentioned by the layman, crew seems to take the spotlight. In former years, Tech crews have beaten practically all the crews in the East. At the beginning of this past decade, Beaver oarsmen even dreamed to Poughkeepsie to participate in America's best-known and most-expected collegiate regatta.

The Engineer Lightweights did their part this year when they gave Harvard a terrific fight for first place in the Henleys. In view of the fact that Harvard will have lost practically all lettermen, and also taking into consideration the fact that our Cardinal boat will have the same oarsmen with a few promising freshmen, available next year, we feel quite safe in predicting a spotless season for the lightweights next year.

What, however, are all the major heavy crews doing at this time? Any new enthusiast will tell you that the best crews are pointing for the Poughkeepsie Regatta, June 13. The sprint season is finished, thus leaving the final test, the four-mile race on the Hudson as a true measure of their respective standings on the American collegiate rowing horizon. It seems to be fitting, therefore, that Tech's present performance in the heavyweight division should merit participation in that regatta. A splurge this year, however, would be quite out of step with sound athletic policy. If the heavies perform as well next year as they did this season—and we are sure they do better—they must have a crack at Poughkeepsie. The honor of Beaver sports demands it.

A sharp cutoff of a top notch crew's rowing season, such as was necessary this year, is at the same time unfair to the crew members, who give their time in practice for the greater part of the year; the students in general, who are backing their crews; and Technology's Alumni, who are constantly dealing with outside comment on all matters concerning Technology. Crew,

(Continued on Page 6)

Best Lightweight Crew In Years

Pat Manning's pride and joy—the varsity 150 lb. crew comprised from left to right of Norm Karasick, cox; Howie Woodward, stroke; Howard Boise, Bob Wagner, Dave Mitchell, Chester Hassett, Herb Howell, Captain Norm Vandervoort, and Bill Horton.

(Continued from Page 1)

not represented in either race. Joe Burk, who last year won the Sullivan award as the outstanding amateur athlete in the United States, took the Farragut Cup for the fourth straight year. This cup is given to the champion single sculler in the Henleys.

Rough Water Mars Races

All races of the day were rowed in extremely rough water; nevertheless, the Tech and Harvard crews stroked the mile and five-sixteenths course in 6:46.2 and 6:46.0 respectively, only fifteen seconds above the course record.

Pat Manning, veteran Technology rigger and coach of the lightweight crews, praised both his own and the Harvard crews after the race. Howard Woodward, who stroked the Beaver varsity fifties, will be the only man of the eight to be graduated this year.

Lettermen To Be Honored At Crew Banquet Tonight

The most successful season in Tech's rowing history will be brought to a close with the annual crew banquet this evening at 6.30 in the Graduate House. According to crew manager James K. Pickard more than seventy-five reservations have been made for the dinner including those for five members of the Institute Advisory Committee on Athletics.

Letters and numerals for this season's crewmen will be awarded along with the appointment of new managers and the election of next year's varsity and lightweight captains.

Dorm Baseballers Win Final Game

The Dormitory Baseball team defeated the Boston Boys Club 9 to 0 in a return match last Saturday afternoon on the Coop field. Bob Grosselinger, '40, holding down the mound for the Beavers, was the star of the game. He allowed only two hits, and kept his record to two wins in as many starts.

Nautical Association Purchases Two New Class 110 Sloops

Tech Gains Third Place In College Flying Meet

In an Intercollegiate Flying Club Meet held the past weekend, Tech placed third, close behind second place Amherst College.

The meet was won by Harvard's flyers who amassed 29 out of a possible 45 points. Amherst was second with 8 and M.I.T. third with 7. The Engineers were represented by a single man, J. F. Owens, '40, who managed to collect enough points to place Tech.

Lacrosse Team Nosed By Tufts

Game Is Very Rough; Many Injuries Sustained In Close Fought Battle

Beaver lacrosse men lost a close contest with the Tufts varsity, 5-3, at Tufts last Saturday, ending a fairly successful season. The game was a tough, rough, and hard fought affair as Tech-Tufts lacrosse games usually are, and many injuries were sustained by both teams.

Starting off at a fast pace, the Engineers put their combination attack into effect and were rewarded with a neat goal scored by Creamer to put them ahead 1-0. Tufts retaliated, however, to tie the score 1-1 at the quarter. In the second session, Tufts found the net again, while Tech remained scoreless to make the half score 2-1 in favor of the visitors.

Tufts Pulls Ahead

In the third quarter Tufts added another pair of scores, while Seim bagged a goal for Tech to make the score 4-2 in favor of Tufts at the three quarter mark. The last period was the closest of all with Tech missing a number of chances. Seim finally clipped the cords, but Tufts came back to make the final score 5-3.

Many men were bruised and one or two cut, but the major injury of the game happened to Tom Creamer just after he scored his goal in the first quarter. The clever outside half had to be carried off the field.

Beaver Sailors Win Quadrangle Meet As Coe And Colie Take High Honors

Capping off a successful sailing season, in which the winning of the quadrangular cup by the Tech sailors was the latest triumph, comes the news of the outright purchase of two Lawley Class 110, 24 ft. double ended sloops, to be christened on Class Day, June 3rd.

The sloops are fitted with parachute spinnakers and general jibs, and will give Tech crews a chance to practice sailing in larger rigged vessels. They are purchased from a fund established by the family of the late Henry A. Morss, who headed the movement for the establishment of sailing at Tech.

Coe High Scorer

In the quadrangular meet held this Sunday, Runyon Colie, Jerry Coe and Dick Knapp ended up well ahead of Harvard, Northeastern, and Brown, with Coe high scorer with 41 points, and Colie second on the individual honors list with 36 points.

The end of this season also marks the end of the victorious combination of Colie, Park, Olsen and Downer. This team assisted by Herman Hanson, now a graduate student, have kept Tech at the head of the college sailing world. Colie has in the course of his sailing career, competed in 18 major regattas, and has scored 1331½ points out of a possible 1613, or a .826 average.

Tech Faces Canadian Champions

Next meet of the sailing team takes place on June second, when they journey to Toronto to compete with Toronto University, Syracuse and Michigan University. Toronto should prove the toughest opposition, as they are the present Canadian champions.

During the summer the Engineer crews will take part in the Macmillan Cup Regatta. On June 17-18-19, they are to compete in elimination championships at Southport, Conn.

100 Members Expected At 1915's 25th Reunion

Over 100 members of the class of 1915 will be back at Technology for the celebration of their twenty-fifth reunion during the first few days in June. Azel W. Mack of Brookline, chairman of the 1915 reunion, announced last Wednesday.

The program will open at the Oyster Harbors Club, Osterville, Cape Cod, on May 31. A Reunion Dinner at

Beaver Tales

(Continued from Page 5)

it seems, is a sport of particular interest to the alumni body of most colleges. It is our firm belief that crew

Osterville on Saturday, June 1, and a clam bake on Sunday are to follow. The reunion will come to an end at the annual alumni dinner in Hotel Statler on Monday evening, June 3.

at the Institute will, within the next few years, regain its former warm spot in the hearts of our alumni. Evidence of this alumni spirit in former days is the instance of a \$1,000 contribution to defray the expense of sending the crews to Poughkeepsie. Whatever may be the reaction, however, the alumni can be sure that the sports department of The Tech will be backing our crews to the limit.

A nose for news— and a stomach for whiskey

THE CITY ROOM knows him no more.

He has passed on to some private and personal Nirvana of his own, where every typewriter has all its keys and a bottle waits at every four-alarm fire.

And the only epitaph he would have wished is this... "He was a good reporter."

His greatest, and most unconscious, characteristic was an insatiable curiosity. He seethed with questions. Nothing was as it seemed, and he picked frantically at surface facts until the shell broke and the muck, or the treasure, underneath was exposed to his greedy mind.

► With or without the vine leaves in his hair, his sense of news verged on the occult. He knew bishops and gunmen, politicians and pickpockets, and treated both the great and the sham with the same casual impertinence. His mind was a brimming pool of assorted facts, which he turned on and off like a tap.

Under a glass-hard exterior, he had a heart as soft as mush. He rooted fiercely for the underdog, perhaps because he was so much the underdog himself.

He got paid very little—and when other people talked of the "profession of journalism" his was the loudest laugh.

► Sometimes he grew out of it. Sometimes he became a famous columnist, a noted author, or even an Editor. But mostly he grew old at 45. And when he saw a new youngster in the City Room he figured the best thing he could do was to take him across the street and say to him: "Kid, what the hell are you doing around here? Get out of it. It's a lousy business..."

But the youngster never took his advice. Year after year thousands of new youngsters decided there was only one thing in the world they wanted to be—a newspaperman. And the American press grew up.

The old-time reporter has passed from the scene.

But he left behind him a legacy of incalculable value to the nation. For he established the tradition of good reporting as the foundation of a free press.

What happened? Who did it? Where? When? Why?

► As long as these questions can be asked by good reporters free to write the truest and frankest answers they can find, freedom will have survived.

True, since the days of the old-time reporter, both men and minds have changed. The reporter of today is a better man than his predecessor. He has to be. He is better-educated, better-paid. Neither he nor his editor can get away with the cheap sensationalism of yesterday's Yellow Journalism—and neither of them insists on any special license to get drunk. The reporter's passport today is respected everywhere, and he is expected to live up to the code of his profession.

► Too, America's appetite for news has grown sharper. It takes some 25,000 local reporters and 1,888 daily newspapers to gratify it. Altogether, 300,000 men and women are engaged in telling you what is happening in the world, with all the trimmings you're accustomed to—comic strips, women's pages, photographs, society notes, advice to the lovelorn, columnists, cartoons, editorials, crossword puzzles.

But whatever the extra values newspapers and magazines may offer today, one thing remains the same... the heart of a free press is still the good reporter. It is still the man with the nose for news, as peculiar and authentic a possession as the eye of a painter or the ear of a musician.

► Perhaps good reporting is the reason, above all other reasons, why the Newsmag-

azine has come to occupy such a high place in the brain and heart of the nation.

For the Newsmagazine has, as grist for its weekly mill, all that has been found out by all the world's good reporters. Sometimes these good reporters are TIME's own correspondents or legmen. Sometimes they work for one of the great Press Associations. Sometimes they are obscure people whose nuggets have been buried on page 10 of some little-read publication. Sometimes they are men and women in TIME's home-office, who—at one end of a wire—probe a reporter three hundred or three thousand miles away until a few confused facts become a well-ordered, living story.

The world is the good reporter's hunting ground. No man can tell where a nose for news may pick up the scent. Stories may break in the White House, the Holland tunnel, the Balkans, the South Pole, Number 10 Downing Street, or 1913 Central Avenue, South Bend.

► No man can anticipate TIME's stories. The Newsmagazine is as unpredictable as the warring, struggling, creating, cock-eyed human race, whose historian it is. Only this is certain...

In today's world the true adventures of your fellow humans, gathered and told by good reporters, make more absorbing reading than anything in the world of make-believe.

This is one of a series of advertisements in which the Editors of TIME hope to give College Students a clearer picture of the world of news-gathering, news-writing, and news-reading—and the part TIME plays in helping you to grasp, measure, and use the history of your lifetime as you live the story of your life.
